2002 Estimated Connecticut Income Tax Payment Coupon For Individuals

General Instructions

Who Should File this Coupon? Use this coupon if you are required to make estimated income tax payments for the 2002 taxable year and you do not receive a preprinted coupon package from the Department of Revenue Services (DRS). Coupon packages will be mailed in mid-January to those who made estimated income tax payments in the prior year.

Pay by Credit Card: You may make payments of your 2002 estimated income tax by credit card. If you pay your estimated income tax by credit card, do not send in **Form CT-1040ES**. See *Payment Options* on Page 4.

Nonresidents and Part-Year Residents: Nonresident individuals are subject to Connecticut income tax on their Connecticut source income. Part-year residents are taxed on all income received while a resident of Connecticut and on income received from Connecticut sources while a nonresident. **Connecticut source income** includes, but is not limited to, income from a business, profession, occupation, or trade conducted in this state, as well as income from the rental or sale of real or tangible property located in Connecticut.

Who is Required to Make Estimated Payments? You must make estimated income tax payments if your Connecticut income tax (after tax credits) minus Connecticut tax withheld is more than \$500, and you expect your Connecticut income tax withheld to be less than your required annual payment for the 2002 taxable year.

Your required annual payment is the **lesser** of:

- 90% of the income tax shown on your **2002 Connecticut income tax return**; or
- 100% of the income tax shown on your **2001 Connecticut income tax return**, if you filed a 2001 Connecticut income tax return that covered a 12-month period.

You do **not** have to make estimated income tax payments if:

- You were a Connecticut resident during the 2001 taxable year and you did not file a 2001 income tax return because you had no Connecticut income tax liability, **or**
- You were a nonresident or part-year resident with Connecticut source income during the 2001 taxable year and you did not file a 2001 income tax return because you had no Connecticut income tax liability.

If you were a nonresident or part-year resident and you did **not** have Connecticut source income during the 2001 taxable year, then you **must** use 90% of the income tax shown on your 2002 Connecticut income tax return as your required annual payment.

When to File: Estimated payments for the 2002 taxable year are due on or before April 15, June 17, September 16, 2002, and January 15, 2003. (Fiscal year filers should follow federal filing dates. If the due date falls on a Saturday, Sunday, or legal holiday, the next business day is the due date.) An estimate will be considered timely filed if received or if the date shown by the U.S. Postal Service cancellation mark is on or before the due date.

NOTE: Taxpayers can use certain private delivery services, in addition to the U.S. Postal Service, for delivering returns, claims, statements or other documents, or payments, and meet the timely mailing as timely filing/payment rules. DRS has accepted the list of private delivery services that is currently published by the Internal Revenue Service. This list is subject to change. The following is the current list of designated private delivery services: Airborne Express, DHL Worldwide Express, Federal Express, and United Parcel Service. Not all types of services provided by these delivery services are accepted. See **Special Notice 99(14)**, *Designated Private Delivery Services*, and **Announcement 2001(9)**, *Designated Private Delivery Services and Designated Types of Service*.

How Much Should I Pay? Complete the *2002 Estimated Connecticut Income Tax Worksheet*, on Page 2, to calculate your required annual payment.

Special Rules for Farmers and Fishermen: If you are a farmer or fisherman (as defined in I.R.C. §6654(i)(2)) who is required to make estimated income tax payments, you will be required to make only **one** payment. Your installment is due on or before January 15, 2003, for the 2002 taxable year. The required installment is the lesser of 66⅔% of the income tax shown on your 2002 Connecticut income tax return **or** 100% of the income tax shown on your 2001 Connecticut income tax return. See **Informational Publication 2001(16)**, *Farmer's Guide to Sales and Use Taxes, Motor Vehicle Fuels Tax, Estimated Income Tax, and Withholding Tax*.

Annualized Income Installment Method: If your income varies throughout the year, you may be able to reduce or eliminate the amount of your estimated tax payment for one or more periods by using the annualized income installment method. See **Informational Publication 99(33)**, *A Guide To Calculating Your Annualized Estimated Income Tax Installments and Worksheet CT-1040AES*.

Interest: You may be charged interest, if you did not pay enough tax through withholding or estimated payments, or both, by any installment due date. This is true even if you are due a refund when you file your tax return. Interest is calculated separately for each installment. Therefore, you may owe interest for an earlier installment, even if you paid enough tax later to make up for the underpayment. Interest at 1% (.01) per month or fraction of a month will be added to the tax due until the **earlier** of April 15, 2003, or the date on which the underpayment is paid.

If you file your income tax return for the 2002 taxable year on or before January 31, 2003, and pay in full the amount computed on the return as payable for the taxable year, no interest will be calculated on the underpayment of estimated income tax for the fourth required installment.

A farmer or fisherman who files a 2002 Connecticut income tax return on or before March 3, 2003, and pays the full amount computed on the return as payable on or before that date, will not be charged interest for underpayment of estimated tax.

If the amount on Line 3 of the <i>Tax Calculation Schedule</i> is: Less than or equal to \$10,000, multiply by .03. More than \$10,000, multiply the excess over \$10,000 by .045 and add \$300.00.	If the amount on Line 3 of the <i>Tax Calculation Schedule</i> is: Less than or equal to \$20,000, multiply by .03. More than \$20,000, multiply the excess over \$20,000 by .045 and add \$600.00.	If the amount on Line 3 of the <i>Tax Calculation Schedule</i> is: Less than or equal to \$16,000, multiply by .03. More than \$16,000, multiply the excess over \$16,000 by .045 and add \$480.00.
For example, if the amount on Line 3 is \$13,000 enter \$435.00 on Line 4. $\$13,000 - \$10,000 = \$3,000$ $\$3,000 \times .045 = \135.00 $\$135.00 + \$300.00 = \$435.00$	For example, if the amount on Line 3 is \$22,500 enter \$712.50 on Line 4. $\$22,500 - \$20,000 = \$2,500$ $\$2,500 \times .045 = \112.50 $\$112.50 + \$600.00 = \$712.50$	For example, if the amount on Line 3 is \$20,000 enter \$660.00 on Line 4. $\$20,000 - \$16,000 = \$4,000$ $\$4,000 \times .045 = \180.00 $\$180.00 + \$480.00 = \$660.00$
